Our company is highly thankful to Greenfield Solutions who understood our complete requirement and designed a solution for us that just works right for schools and colleges in Nigeria. It has covered the whole school and college system for us including HRMS, E - learning, SIS, Attendance system and admission system.

As development & implementation partner they helped us to implement the right solutions required by our client which are in major schools and colleges.

We are thankful to them for their active participation and prompt support.

Thanks & Regards,
